

# Content Newsletter

## January 2026 Edition

### Welcome to the January 2026 Content Newsletter

This monthly roundup brings you all new content from January - product documentation, blogs, videos, and KB articles. As we launch into a new year of cybersecurity innovation, explore what's new and share feedback on future newsletter enhancements.

**Product Documentation – Release Notes**  
**29** release notes delivered for **22** releases for various Qualys Products

Infrastructure Security	
<a href="#">Enterprise TruRisk™ Platform Release 10.37</a>	<a href="#">Endpoint Detection and Response 3.8.1</a>
<a href="#">Enterprise TruRisk™ Platform Release 10.37 API</a>	<a href="#">Endpoint Detection and Response 3.8.1 API</a>
<a href="#">Enterprise TruRisk™ Platform 3.23.0.0-2</a>	<a href="#">VMDR OT 1.4</a>
<a href="#">Enterprise TruRisk™ Platform 3.23.0.0-2 API</a>	
Risk Management	
<a href="#">Enterprise TruRisk™ Management 1.6</a>	
Risk Remediation	
<a href="#">Custom Assessment and Remediation 2.7.1</a>	<a href="#">Global AssetView/CyberSecurity Asset Management 3.7</a>
<a href="#">Patch Management 3.11</a>	<a href="#">Global AssetView/CyberSecurity Asset Management 3.7 API</a>
Audit and Compliance Management	
<a href="#">Policy Audit Release 1.7</a>	<a href="#">Policy Audit Release 1.7 API</a>
Appliance Security	
<a href="#">TotalAppSec 2.5   Web Application Scanning 1.25</a>	
Platform and Sensor Management	
<a href="#">Cloud Agent Linux ARM 6.1.1</a>	<a href="#">Cloud Agent Linux x86 64 7.3</a>
<a href="#">Cloud Agent AWS Bottlerocket 5.0.3</a>	<a href="#">Cloud Agent CoreOS 4.2.6</a>
<a href="#">Cloud Agent PowerPC 3.21.1</a>	<a href="#">Cloud Agent Linux on zSystems 3.31.1</a>
<a href="#">Connector 2.14</a>	<a href="#">Cloud Agent GCP Container Optimized OS 5.0.2</a>
<a href="#">Connector 2.14 API</a>	<a href="#">Physical Scanner Appliance 4.1</a>
Cloud and Container Security	
<a href="#">TotalCloud 2.21</a>	<a href="#">Container Runtime Sensor 1.4.0</a>

## Content Enhancement

### Content Collation

We've centralized all product documentation under specific locations for each product, ensuring quick access to everything you need.

### Customer-Centric Benefits

- Find everything in one unified source designed for convenience.
- Navigate effortlessly without searching multiple documents.
- Get clear and concise information with no redundancy.

### What Does It Include?

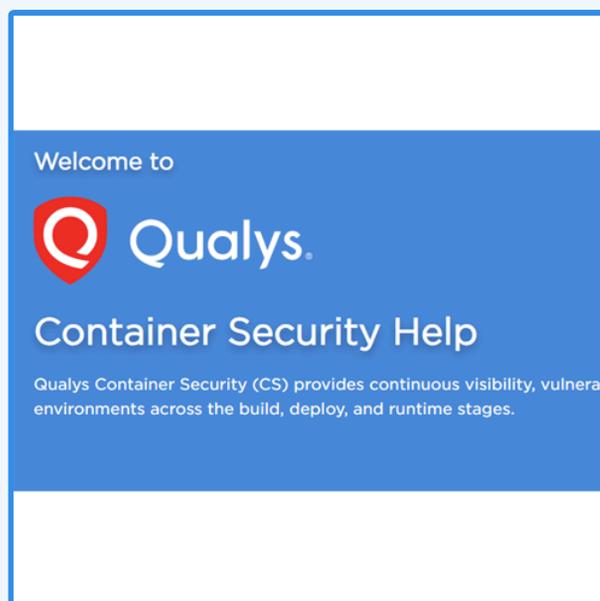

Comprehensive documentation, including Online Help, Landing Pages, API User Guides, Release Notes, Knowledge Base Articles, Product-specific Video Libraries, and much more!

### This Month's Content Collation

Enterprise TruRisk  
Management (ETM)

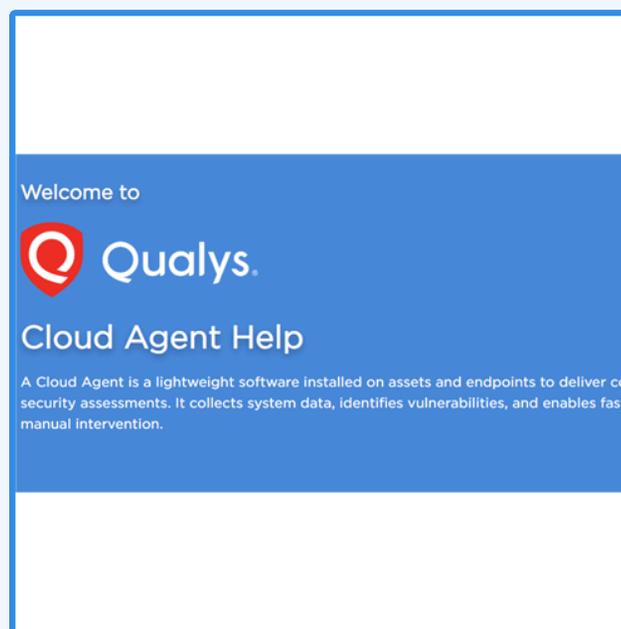

## New Landing Pages

### Secure Containers from Build to Runtime

Explore our [Container Security landing page](#) to secure containers from build to runtime:

- Detect and fix vulnerabilities early.
- Ensure continuous compliance.
- Protect workloads at runtime.
- Secure Kubernetes and Docker environments end-to-end.

[Explore More](#)

### Discover the New Home of Cloud Agent Help

Explore our [Cloud Agent landing page](#) and deploy agents with ease:

- Secure onboarding with activation keys.
- Flexible deployment options.
- Centralized configuration and real-time monitoring.
- Self-updating protection for endpoints and servers.

# Content Collation Transformed How Customers Learn

*Structured documentation led to deeper engagement and faster self-service.*

## What Changed

**3.3x**

More Views

**2.2x**

More Active Users

**+49%**

More Pages  
Explored

**+31s**

Focused Engagement

**2.7x**

More Interactions

## Why It Matters

**Structured  
Learning Paths**

*Easier to follow  
information*

**Less Time  
Searching**

*Quicker to  
find answers*

**More Time  
Understanding**

*Focused on  
learning*

**Faster Self-Service**

*Tasks completed  
independently*

**Reduced Support  
Reliance**

*Lower need for  
assistance*

*Content collation didn't just increase traffic— it transformed  
browsing into focused learning and faster self-service.*

## Qualys Threat Research Updates

### This Month's Top Critical Vulnerabilities, Cloud Misconfigurations, and OpenSSH

Cyber threats are constantly evolving, making it essential for businesses to stay informed and proactive. This month's updates cover the latest security threats, vulnerabilities, and attack trends that could affect your organization. Stay updated to protect your assets better and maintain a strong security posture.

January - Threat Research Updates

## Video of the Month: Qualys Wrapped 2025

Watch **Qualys Wrapped 2025** video to find out how we transform your entire year's security data into actionable insights.

To view your personalized year-end review video, click "2025 Wrapped" icon, available in the top-right corner of your VMDR application.

If you're not seeing it, please reach out to your TAM or mail at [support@qualys.com](mailto:support@qualys.com). For more information, read our blog [here](#).

## ROCon 2025 Masterclass

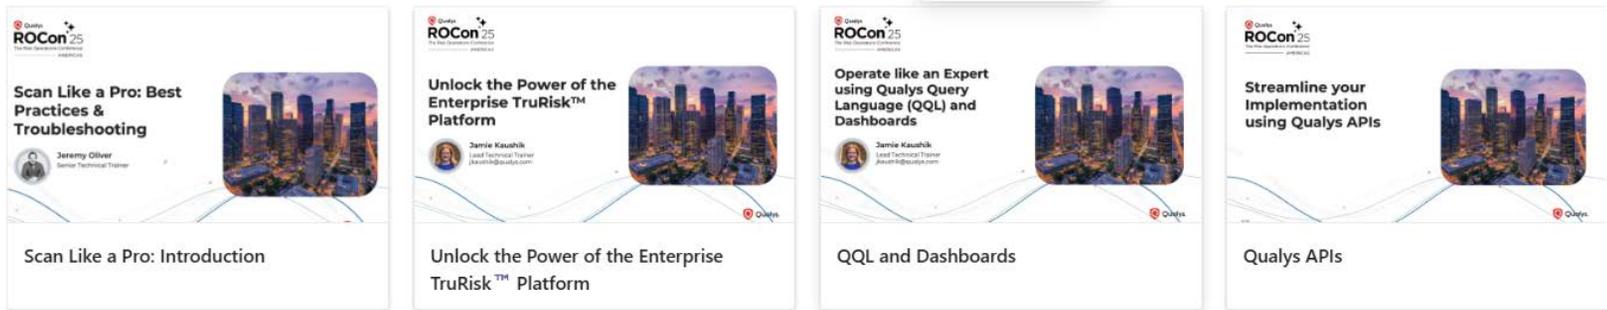

Dive deep into technical trainings from ROCon Houston & Mumbai 2025!

If you missed any ROCon trainings or wish to refresh your understanding, new and updated trainings are now available to you in our Video Library.

[Here's a recap of training sessions](#)

Technical Training Recap

## Technical Training Recap

# Product Training Videos

Make sure to watch the latest published videos. They offer essential details about the product's features and functionality that you need to understand.

## New Video Series

## Updated Video Series

### Instructor-Led Trainings

We encourage you to register for our upcoming Instructor-Led Trainings (online).
